

IN THE CLAIMS:

Please enter the following as the claims in this case:

1 -19 (cancelled).

14 (original). A method of inducing an immune response comprising concurrently administering an immunogen and compound 48/80 to a subject in an amount effective to produce an immune response therein.

15 (original). The method of claim 14, wherein said immunogen and said compound 48/80 are administered simultaneously in a common pharmaceutical carrier.

16 (original). The method of claim 14, wherein said administering step is carried out by parenteral administration.

17 (original). The method of claim 14, wherein said immune response is a prophylactic immune response.

18 (original). The method of claim 14, wherein said immune response is a therapeutic immune response.

19 (original). The method of claim 14, wherein said immune response comprises a humoral immune response.

20 (original; withdrawn). The method of claim 14, wherein said immune response comprises a cellular immune response.

21-27 (cancelled).
